

Oregon Affordable Housing Management Association (Oregon AHMA)

Professional Member Application

For the membership year January 1, 2024 to December 31, 2024

The members of the Oregon Affordable Housing Management Association (Oregon AHMA) own and/or manage HUD, Rural Development, HOME, Bond, LIFT, and LIHTC-financed multifamily housing for low income seniors, families, and people with disabilities throughout the state. Membership in Oregon AHMA includes membership in our parent organization, the National Affordable Housing Management Association, (NAHMA). NAHMA is the voice for providers of quality affordable housing nationwide who are committed to maintaining excellence in affordable housing communities.

Building a stable, sustainable association is a long-term process that involves good planning and prudent use of the organization's resources. Oregon AHMA was formed in 2001 and incorporated in 2002. We are very proud of our progress. We believe in value for money, and we welcome your suggestions for ways in which we might put your dues to work for the benefit of our members.

Benefits of membership include but are not limited to:

- * Reasonably priced half to three-day trainings that focus on relevant issues for owners, management agents, compliance specialists, resident service coordinators, site managers, and maintenance techs. *Our popular monthly continuing education classes are in and of themselves ample reason to join our association!*
- * Member-discounted registration fees for all trainings.
- * A 2.5-day annual conference guaranteed to sharpen members' skills and expand their knowledge. National and local trainers provide hands-on continuing education for you and your staff. The 2024 conference will be held on May 15th, 16th, and 17th at the Riverhouse Hotel and Convention Center in Bend. Conference registration materials will be sent to you and posted on our website in late January.
- * New members receive one **FREE** (one day) training and one **FREE** registration to the annual conference.
- * Oregon AHMA is a Certified Continuing Education Provider with the Oregon Real Estate Agency.
- * Members enjoy access to the in-depth analysis and breaking news updates at NAHMA's members-only section of their web site, www.nahma.org. Action alerts and regulatory updates are emailed regularly to all members.
- * You'll receive first-rate, informative news through the quarterly magazine, *NAHMA News*.
- * Celebrate your property success stories by applying for NAHMA's annual awards program promoting *Communities of Quality*.
- * Take the opportunity to participate in drug education through the annual *Drug-Free Calendar contest*.
- * **Our per-unit membership dues have been pre-approved by HUD to be an allowable expense at the property level.**
- * **Our per-unit membership dues are a Rural Development allowable property operating expense per a national Administrative Notice.**
